FIRST PIG

Pua loves to play with Moana.
Find a relative or friend to play
this game with you!

1. The aim of the game is to “own” as many squares as possible. The squares that you own will be those with your initials in them.
2. The youngest player goes first, joining two dots with a line. Play then passes to the next player. Each new line must connect with a line that’s already on the board.
3. Players take turns until someone draws a line that completes a square. Any player completing a square should write their initials in the center and take another turn. The game continues until all the squares are complete. The winner is the player with the most squares at the end!
